

Tamper-Resistant, Tamper-Evident Snack Boxes

TamperAlert™ Tab

Protrudes upwards when torn, alerting the customer that the container has been opened. The tab remains attached to the container, meaning no loose plastic pieces and therefore no littering.

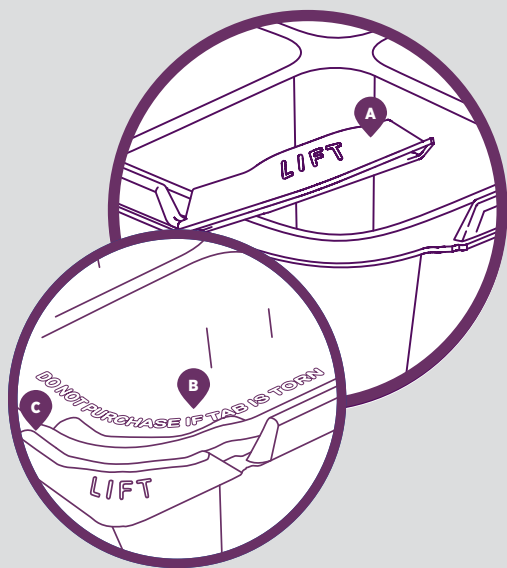

TamperGuard™ Snack Boxes

- Made of recyclable PET; check locally, may not be recycled in your area.
- 7 sizes to choose from
- Available in 1 or multi compartments
- TamperAlert™ tab
- “Do Not Purchase If Tab Is Torn” Message
- Reclosable/Resealable, and Leak Resistant Seal

Secure Packaging for:

Protein snacks, bistro boxes, salads, kid's lunches and so much more!

A “Lift” Embossing

Facilitates easy opening by providing guidance on how to open container

B “Do Not Purchase If Tab Is Torn” Message

Together with TamperAlert™ tab alerts customers to signs of a tampered container

C 360° VanishingEdge™ Seal

Dual purpose seal, designed to:

1. Create Tamper Resistance by inhibiting the ability to lift the lid from the base without tearing the tab
2. Provide a leak resistant seal to maximize freshness and prevent leaks

Single compartment

Available in 2.1 in (SB24TG1) or 2.6 in (SB32TG1) deep

- Salads
- Baked Goods
- Veggie Noodles

SB24TG1

SB32TG1

Two Compartment

Available in 2.1 in deep

- Fruit and yogurt dip / nut butter
- Wrap and side salad
- Veggies and hummus
- Cannoli and cannoli filling

D Cross Seal Compartment Technology

SBTG2

Three Compartment with Well

Available in 2.6 in deep

SBTG3W

D CrossSeal™ Compartment Technology
Compartment dividers that prevent migration of contents between compartments

E ErgoLift™ Contours
Curvatures that create finger space for easier removal of contents from the Condiment Compartment

F Condiment Compartment
Designed to accept Dart Conex Compliments, Solo Souffles and Solo Ultra Clear Souffles portion containers, either lidded or unlidded, up to 4oz, as well as all conventional pre-sealed portion containers

SBTG3W accommodates various portion container types & sizes (one option below)

SBTG3W

400PC

PL4N

Versatilidad excepcional
y claridad superior

PresentaBowls™ Tazones y Tapas Transparentes

- La intercambiabilidad de sus tapas ayuda a reducir espacio de almacenamiento y minimiza la confusión
- Su claridad superior permite identificar fácilmente el producto, mientras que su elegante diseño permite una presentación superior
- Ideal para una gran variedad de usos incluyendo: repostería, panadería y productos especiales
- El cierre superior de sus tapas las hace resistentes a derrames
- Sus tapas apilables permiten exhibir el producto en múltiples niveles

Tazones y Tapas Transparentes

Características

Tapa domo disponible

Proporciona un amplio espacio para una gran cantidad de alimentos

Sello perimetral resistente a derrames

Evita derrames de alimentos líquidos como aderezos para ensaladas y salsas

Plataforma de apilamiento registrada

Proporciona una mayor estabilidad de apilamiento, ideal para exhibir el producto de manera segura

Tapas intercambiables

- OPS: 2 tapas para 7 diferentes tazones

Exclusivo diseño tipo corte cristal

Proporciona un aspecto elegante y aumenta la resistencia de la pared lateral

Impresiones de Línea

¡Diferentes impresiones para toda ocasión!

¡Un toque personalizado
a su alcance!

Incrementa sus ventas con las impresiones de línea de Dart! Por su gran variedad de estilos, colores y tamaños usted podrá agregar un toque personalizado a su negocio, sin mínimos de compra. ¡Compre la cantidad que se adapte a sus necesidades y logre un mejor control de su inventario!

Sus propiedades térmicas le permitirán mantener por más tiempo la temperatura, sabor y frescura. El ajuste seguro de sus tapas ofrece mayor seguridad y satisfacción. Ya sea que busque tapas transparentes, translúcidas, térmicas o domo, Dart tiene el producto adecuado a sus necesidades.

Impresiones de Línea

¡Diferentes impresiones para toda ocasión!

Características Vasos Estilo J

Línea de Llenado
Línea marcada en la pared interior de la boca del vaso, que indica el nivel de llenado

Borde
Provee comodidad al beber y refuerza las paredes del vaso

Pedestal
Eleva la parte baja del vaso para que éste descansa firmemente en toda superficie plana

Características Vasos Estilo LX

Capacidad de llenado al tope
Capacidad máxima de onzas al llenarlo hasta el borde, aumenta las ganancias mediante el control de porciones

Doble Uso
Para bebidas frías y calientes

Temperatura exterior agradable al tacto
Los vasos se mantienen en una temperatura ideal evitando el uso de fajillas, servilletas y doble vaso

Construcción sólida y de una sola pieza
Evita las fugas en uniones y/o costuras

Be Square and
Shape Sales in Style

It's Hip to be Square!

- Trendy square shape makes restaurant takeout a great dining experience at home
- Plate-like design and angled sides provide the convenience of a table-ready presentation and enhance portion size and value perceptions
- Easy closing, leak-resistant lid keeps operation running smoothly while increasing customer satisfaction
- Eye-catching design attracts impulse buyers and creates lasting impressions with repeat sales

Expressions®

Square Plastic Bases & Lids

Features

Trendy square design

Offers a table ready, upscale look and the perception of larger portions

3-compartmented base & lid

maintain food integrity by minimizing migration between compartments

Leak-resistant perimeter seal

Prevents spills while maintaining freshness

Opening tabs

allow for easy consumer handling

Recessed stacking platform (on lid)

provides greater stability when merchandising and transporting

Separation lugs

allow for easy, one-hand separation of nested containers and lids

Lids available in recyclable PP or PET

Check locally, may not be recycled in your area

MicroGourmet®

Excellent Contact Clarity-
Great for Merchandising!

MicroGourmet® Plastic Deli Containers

Busy operations will appreciate how this versatile line of deli containers allows pre-packaged foods to be refrigerated and microwave-reheated in the same container. Five different container sizes use one common recessed lid to help streamline inventory. Available in contact clear for excellent food visibility or in white to minimize ultra-violet light exposure to keep container contents fresh and extend shelf life. Custom print available on containers only.

Features

1 Lid fits 5 container sizes

Lid interchangeability reduces storage requirements and increases operational efficiencies

Customized design available

Up to 6 colors on all containers

White sidewall and lid options

Minimizes ultra-violet light exposure to keep container contents fresh and extend shelf life

Recessed tight-fitting lid

Prevents leaking during transport and handling

Dual temperature usage

Versatile polypropylene material allows for broad temperature range (-4°F - 230°F) to go from refrigerator to microwave

Excellent contact clarity

Clear option provides exceptional food visibility to increase sales of pre-packaged food

PRINTED ON RECYCLED PAPER

Solo® VS DSP Paper Food Containers

Ready to Serve

The squat profile and wide mouth of our Solo® VS DSP paper food containers makes this product easy for operators to fill and easy for customers to eat! These containers are ideal for cold foods due to the polyethylene coating on the outside of the container which reduces condensation, but can also be used for hot foods due to the temperature maximum of 205°F. A high-gloss finish ensures a smudge-free surface for your stock or custom print to stand out!

Solo® VS DSP Paper Food Containers

Features

Put a lid on it!

Multiple plastic lid options available in multiple materials to cover all customer needs

Rolled rim

Gives rigidity to the container and ensures secure leak-resistant lid fit

Dual-temperature usage

Multi-purpose, double-sided polyethylene-coated container that can be used for both hot and cold applications with a maximum temperature of 205°F

Recyclable

May be recycled if you have access to a recycler that accepts paper foodservice containers. Such facilities may not exist in your area.

Sustainable alternative

Made with at least 85% plant-based renewable resources; we source fibers certified under the SFI® chain of custody

Eye-catching graphics

High-gloss polyethylene coating on the outside of the container allows for exceptional print quality and a smudge-free surface
